

What's it like to be in Foster Care?

It was scary. I went to live with a family I didn't know. I wanted my Mom. I felt alone, wondering "Why?"

In the US, there are 430,000 children in foster care. A quarter of these children will live in foster care for over two years.

Children who have been removed from their homes experience trauma, anxiety, and loss. Their roadmap is uncertain.

What is Fostering Great Ideas?

Fostering Great Ideas is a non-profit that works with children, families, and the community to improve the experience and outcomes of foster care. We believe:

- Children in foster care need to know they matter.
- · Healthy relationships are key to long-term well-being.
- · Innovative system reform is possible.

How Can I help?

Volunteer. Donate. Build awareness. Develop Solutions.

Fostering Great Ideas partners with individuals, communities, corporations, and child welfare systems. Visit our website at **fgi4kids.org**.
