

What's it like to be in Foster Care?

"It was scary. I went to live with a family I didn't know. They were nice to me, but I missed my mom like crazy. I felt alone, wondering Why?"

In the US, there are 430,000 children in foster care. Children who have been removed from their homes experience trauma, anxiety, and loss.

How do we help?

Fostering Great Ideas is a non-profit that works with children, families, and the community to improve the experience and outcomes of children in foster care.
